165 (gur sag+gál)

barley

VS 14, 45

95 gur sag+gál  
1 (barig) of  
white emmer,  
165 (gur sag+gál)  
of barley,  
did Lugal-pirigtur,  
the sanga of the  
“White Temple,”  
deliver.  
ubur,  
the chancellor,  
transferred it to the  
granary.  
(Year:) 4

Debit: 3 gur sag+gál

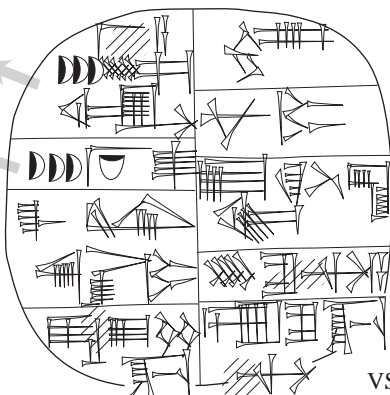

3 (gur sag+gál) minus 1 (barig)

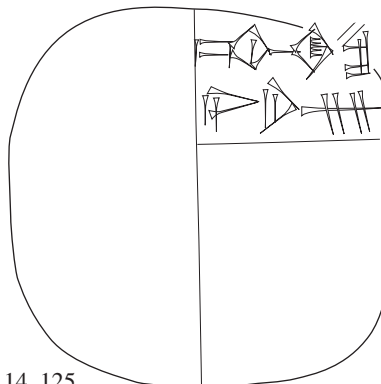

emmer,

### Calculation of the debits

Barley:	Emmer:
168 gur	98 gur
– 165 gur	– (95 gur 1 barig)
= 3 gur	= 3 gur–1 barig

VS 14, 125

The debit of  
3 gur sag+gál of barley,  
3 (gur sag+gál)  
minus 1 (barig) of  
emmer,  
did ubur,  
the chancellor,  
who had transferred the  
barley to the  
granary,  
carry over to a tablet  
of Lugal-pirigtur,  
the sanga of the  
“White Temple.”  
He posted it to his  
(Lugal-pirig’s) debit  
account.
