

grand total  
of the dairy products:

 1 unit

  
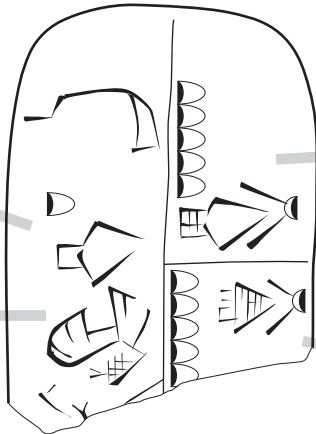

standardized  
jar DUG<sub>b</sub>

  
disbursement

relations between the  
standardized vessels:

$$5 \text{  } + 5 \text{  } = 1 \text{  }$$

(i.e., the jar has a  
capacity of ca. 8 liters)

5 units

  
first  
dairy product

standardized  
vessel SILA<sub>3</sub>  
(probably a  
solid-footed  
goblet with ca.  
0.8 liter capacity,  
see fig. 11)

5 units

  
second  
dairy product
